MORGAN 4/4 1600

Exterior: British Racing Green
Interior: Black leather
Km: 95.000 km

SOLD

EQUIPMENT

This beautiful Morgan started his live as show car on the Autosalon in Bruxelles, therefore it has all options of 1971 as spoke wheels, heater, storage in the doors etc. etc.

British Racing Green with black leather Super Sports buckets Seats. The car is technically and optically in a 100% condition. Last five years more than 25.000,00 EUR is invested in the car to make him as perfect and complete as he is today.

In 2010, the 1600ccm Kent engine is fully overhauled and provided with a little bit faster camshaft and two new double Weber carburators that gives the car more torque and horsepower. Since the rebuild the car has driven 5.000 km.

The whole 40-years/95.000 km of history from the car is documented including invoices and pictures.

The car is provided with a FEHAC-FIA passport to have entrance for historic rallies. The car has won the tourclass of the International Tulip rally in 2007. In the book 'Morgan 100 Years', a complete article about the car and the rally (including a picture of the car) is written on page 126 and 127.
